

Division Meeting Sponsorship Opportunities

About Division Meetings

Within IASB, 21 geographic regions called “divisions” organize the association’s governance and service delivery. Each IASB division hosts regular meetings twice yearly, where division business is conducted, awards are presented, and guest speakers or panel topics are heard. In some divisions, meetings are held in a restaurant/banquet hall venue. Other divisions choose to have a local school district host the meeting in one of their buildings. All provide excellent networking opportunities for board members and superintendents alike.

- **Attendance is approximately 35-180 per meeting.**
- **With 21 IASB Divisions, each hosting a spring and fall meeting, you have the opportunity to sponsor 42 meetings per year.** This high frequency of meetings ensures consistent exposure and recognition for your brand.
